COMMITTEE ON DOCUMENTATION

Presentation: Sylvania Character Recognition Device Research

1. As mentioned by the Army representative to CODIB at the 31 August meeting (CODIB-M-34, para. 9), Sylvania Electric Products, Inc. is doing research in the field of optical character recognition systems. Their interest in this subject is, at present, company proprietary information.

2. Arrangements have been made with Sylvania for a presentation on their research for CODIB on 6 November 1961 from 1000 to 1100 hours at the CIA Headquarters Building, Langley, Room 1E78. (This is one of the theaters in the Graphics Register). Seating capacity is 42 persons, hence the following is a flexible slot assignment:

State - 4	DOD - 2
Army - 5	JCS - 1
Navy - 5	AEC - 1
Air - 5	FBI - 1
NSA - 4	NBS - 2
DIA - 1	CIA - 5

Reserve - 6

3. Entrance to the building should be made through the northeast wing door (i.e., the left wing as you face the building from the north parking lot).

4. Please call the names of attendees to the Secretary by 3 November.
